Took hands with Mandela Day 2015

Mandela day 2015 was a great success, visited by many organisations, some old friends and some new ones, who all contributed to make this a great day. We firmly believe and support this great initiative as it creates good exposure for us but also ensures us that in these troubling times we are living in we can still count on the generosity of individuals and companies out there to provide relief to us. Thank you to [Insimbi Alloy Supplies](#) who joined us at our care centre to celebrate an iconic day, we would like to thank Insimbi for breathing new life into New Beginnings Care Centre with a fresh coat of [upende](#) paint, as well as donations of maize meal, toiletries, clothing and toys. Our little ones at the centre were treated to cup cakes. We would also like to thank [Academy Brushware](#) , for providing the brushes and trays to paint the care centre. A special thanks to [Capsicum Culinary Studio](#) for donating soup and bringing some warmth and cheer to residents at the centre. A special thanks to [Protea Chemicals](#) for their donation of clothing and treats for our children in the centre. We appreciate and value the time and effort put into making this a memorable day for New Beginnings and the Community we serve.
